

### 13. Mater Hospital Landscaping and Irrigation (08/2020)

Client: CPB  
 Client Rep: Carmelo DiBella  
 Contract Value: **\$485,000**  
 Role: Subcontractor

**Scope:** Transcape's scope was staged over 10 months and incorporated hard and soft landscaping elements and new automated irrigation systems to 3 key areas of the Mater Hospital Pimlico including:

- Earthworks to create landscape levels required for finished surfaces
- Fencing, bollards, tactiles, kerbs, garden edging and pram ramps
- Turf, planting and mulching including street trees – all plants supplied from our affiliated Nursery at Rocky Springs
- Coloured concrete pavements including feature colours along Park Street entrance
- Concrete footpaths to TCC specification
- Raised planters and concrete seating
- Gravel mulched areas
- Design and Construct automated irrigation systems
