

3. Beautiful Bowen Stage 1 Street Scope (08/2019)

Client: Whitsunday Regional Council
 Client Rep: Aaron Chapell (Ranbury)
 Role: Principal Contractor
 Contract Value: **\$2M**

Scope: This Project showcases **Transcape's** core business strengths incorporating large scale landscaping and irrigation works including the installation of new feature signage and trees at Bowen's Southern and Northern approaches with new gardens around the salt works area that had become dilapidated.

Transcape was appointed as Principal Contractor by Whitsunday Regional Council to coordinate and implement the construction of hard and soft landscaped zones to the Southern and Northern approaches to Bowen, North Queensland. The striking bright orange signage set against a cool contrasting green backdrop of new trees and shrubs was designed to make an impressive and memorable 'welcoming' entry statement, highlighting the unique attractions of the Bowen Region.

4. Nathan Street Streetscape Enhancement Project (12//2019)

Client: Townsville City Council
 Client Rep: Owen Montgomery
 Role: Principal Contractor
 Contract Value: **\$2M** including variations

Scope: **Transcape** was awarded tender for the Nathan Street Enhancement Project to revitalise the streetscape between Dalrymple Road and Charles Street. Our key scope of work included:

- Liaison with residents/owners to ensure access and safety was maintained
- Construction of new angular-shaped pvc-edged garden beds
- Installation of deco parking zones, bollards and reinstatement works to existing turf, driveways and footpaths
- Planting and mulching of more than 140 trees and 10,000 shrubs
- New automated irrigation to TCC specification to service extensive garden areas
- 6 months maintenance to TCC specification
