

11. Airlie Beach Foreshore Revitalisation (07/2019)

Client: Paynters
 Client Rep: Sean Milton-Head
 Contract Value: **\$1.3M**
 Role: Subcontractor

Scope: **Transcape** has undertaken several Projects in the Whitsunday Region, demonstrating our ability to successfully schedule and manage resources, plant and equipment at remote locations. We worked closely with Paynters on the Airlie Foreshore landscape revitalisation project, doubling our scope of work through a number of major variations that included adjustment of civil levels, additional hardscape zones and additional design and construct irrigation.

- Earthworks to create landscape levels required for turfing, planting and hardscapes including subsoil drainage including contaminated subsoil removal and replacement
- Extensive design and construct automated irrigation system
- Artificial/reinforced turf for high traffic market zone area
- Substantial garden planting and turf/hydromulch zones incorporating thousands of trees and shrubs, supplied by our affiliated nursery at **Rocky Springs**
